# A message from the Principal

As my first year as the 5th Principal and as a first time Principal, I could not have asked for a more caring and supportive school to commence my leadership journey. I felt warmly welcomed by staff and students and have been overwhelmed by the support and enthusiasm that I have received from many in the community.

All new Principals inevitably bring 'change' to a school with the goal of improving outcomes for young people. I was asked earlier in the year what my vision was for young people and if I was to attempt to articulate it, "I want confident young people who enjoy coming to school, continuously learning, give of their best to all they do and who do not limit their horizons because they doubt themselves, are not afraid to speak up about their opinions and concerns but do so in a respectful manner". This requires an environment where teachers set high standards, show compassion and understanding, an environment that is fair and where teachers continually try to improve their own teaching practices.

The year started off with adjusting a few school rules such as permitting coloured runners as long as they were trainers, long hair for boys, sleepers for girls, the introduction of an EFTPOS machine in the canteen and a whole school cross country event for the first time and year 6s at our Batavia games. Meeting with all staff and year 12 students at the start of the year gave me a good feel for the school and where our students had placed their hopes and aspirations. Staff continued their professional development training based on Dylan William's assessment for learning framework. Physically we commenced the installation of our new basketball courts for Primary and Secondary. The Fete was a wonderful day and the staff, students and parents raised enough money for our new elegant, beautiful, remote controlled school gates which have been an exciting addition to the entrance of the school.

Highlights of the year were many but a few stand outs:

- Oscar Lin - winner of the National and State History Competition
- Ciedele Mezger - winner of the State Four Way public speaking completion
- Years 7 and 9 teams- winner of the Mid-West spelling bee competition
- Connie Greeve - winner of the Randolph Stow Middle secondary poetry competition
- Primary Champion School - Science and Engineering Challenge
- Lauren Watt- winner of the Engineering Institute Award for achieving over 75% in Maths Specialist and Math Methods
- ACC - runner-up in the E division swimming competition
- Senior Country Week - 2nd place in debating
- District Country Week - Champions in Mixed Hockey, Girls AFL, Girls Netball in Division 1 and 2
- State Schools Equestrian - 2nd place for overall Secondary Country School

- Geraldton Music Festival Secondary - 1st place for our Middle/Senior Choir, Saxophone ensemble and clarinet ensemble along with individual 1st places to Paige Rennison and Irylle Cabugua
- Geraldton Music Festival Primary - 1st place in Choir, Senior Recorder, Treble G's and Choral Speaking
- Phoebe Teakle - 2nd place in the Chinese writing competition
- Primary School - winner of the Greenough Division Interschool Cross Country Shield
- Primary School - runner-up in the interschool swimming competition

Thank you to all the teachers and non-teaching staff for the goodwill that is necessary for a regional school to be successful. In particular, the following staff need to be recognised for their years of service to the school and we thank them for their contributions over the extended periods.

For 5 years of service to the school - Megan Cinanni, Lorna Middleton, Jodie Tonkin, Helen Williams, Andrew Sloan and James Raymond

For 10 years of service to the school - Damon Angelatos, Colin Johnson and Susan Philson

For 15 years of service to the school - Meagan Plummer

I would like to thank my Senior Leadership Team for their work this year. They have had to help me manage the changes along with added workloads to make it all happen. In particular, I would like to thank Anne Faichney for her 17 years of service to the school as Head of Middle School. I have only worked with Anne for one year and in the short time I saw a woman of great integrity and loyalty. Her work was thorough and thoughtful. I know many students have benefited from her care over the years and the Geraldton Grammar School community will miss Anne's leadership. We wish her well in her retirement and many happy times with her family in Melbourne.

I wish the graduating class of 2018 all the very best with their future as they will always hold a special place in my heart as my first year 12s who shared my commissioning and their induction as leaders of the school. It was a pleasure getting to know them all and helping them with their trials, hopes, dreams, tribulations and some of the tragedy that they have already faced in their short lives. My message to them in their final assembly was not to waste time as there is a short window in your life between finishing school and next stage of your own family and commitments. Without care, that time where you are your own person can be easily squandered if you don't take care. I know the quote on time I read out resonated with many of the graduates. "Time is free, but it's priceless. You can't own it, but you can use it. You can't keep it, but you can spend it. Once you've lost it you can never get it back." Harvey Mackay

Finally, last but not least, I would like to thank the Chair of Board, Gareth Rowe. Only I understand Gareth's job on the board and the endless hours he dedicates to the school as a volunteer. Not only does he provide me with great support, an ear, advice, he continually impresses me with his time commitment to the school's finances and core business which is the student's education and making Geraldton Grammar School a wonderful school for years to come. I can honestly say after speaking to many Principals over the year, I would clearly have one of the best Chairs of Board in the State. I could not do my job without his help and I am eternally grateful for all his time.

## NEESHA FLINT PRINCIPAL

## A message from the Board

Recently the School farewelled the Class of 2018 at the Valedictory Day celebrations, a day full of emotions. Important, as it recognises the achievements of our students completing their school education. What is striking is not only the varied successes, interests and skills that each student holds but also their diversity, expectations and what they see as important. Confronting significant challenges yet remaining positive, is a demonstration of the confidence which is so vital to nurture in our young people.

Indeed 2018 has not been the easiest or kindest year and the events in March really demonstrated the resolve of our community. No one could or should be prepared for the tragic events which took place so suddenly. At this time, the staff at the School were challenged beyond all reasonable expectation. Too often, the complexities of everyday life overtake the common kindness which exists in the care shown and so clearly demonstrated in how the school staff supported all students through this difficult and sad time. The fortitude displayed is a hallmark of what we do and how we care for one another.

So on behalf of the entire Board, I want to recognise and thank the very significant work that all the staff at our School do selflessly and entirely for the good of our students and indeed the wider community.

It has been an exciting year, fresh leadership and a new direction, no one can fail to the notice the differences which are happening. Much of the work that has been done has taken place behind the scenes. The Board is indebted to Mrs Neesha Flint for taking on the challenge, empowering and enthusing her team with aspirations of truly ensuring that Geraldton Grammar School is simply the best regional school and will compete with any school in Perth.

I know the Board has enjoyed working with Neesha in her first year. Make no mistake, the School owes her a debt of gratitude in choosing to disrupt her own life and personal family commitments by relocating to Geraldton. We are truly fortunate to have such a passionate educator running our School.

The leadership team is also to be commended for their enthusiasm in everything they do and following Neesha's lead. Embracing the changes and demonstrating strong leadership and direction. In particular, Derek Lange for his unwavering support of every aspect of the School and his sole focus on what is best for its students.

The leadership of the School is in kind and safe hands and I commend this to you.

I must also thank the Board for the work and support they have shown in the last 12 months. Its work and responsibilities are challenging and time consuming, yet rarely understood by the school community. The School cannot function without this group, prepared to plan and have aspirations to the future direction of the School; to look after the finances (particular acknowledgement to the Business Manager, Graeme Munday) and ultimately shouldering the considerable responsibility that comes with such an operation.

Looking forward, it is all to do with providing a safe caring environment for our children who can enjoy going to School, have a love of learning, be creative and embrace change. Get it right and the intangibles of high self-esteem, resiliency in adversity, tolerance and the willingness to try new things give them the best chance of success and happiness in their own lives.

As a Board we will continue to push for progress into the future both in trying to provide the best resources we can afford but also supporting the Principal and her management team in embedding future skills and providing the best rounded education for our children, whether it be academic or vocational pathways.

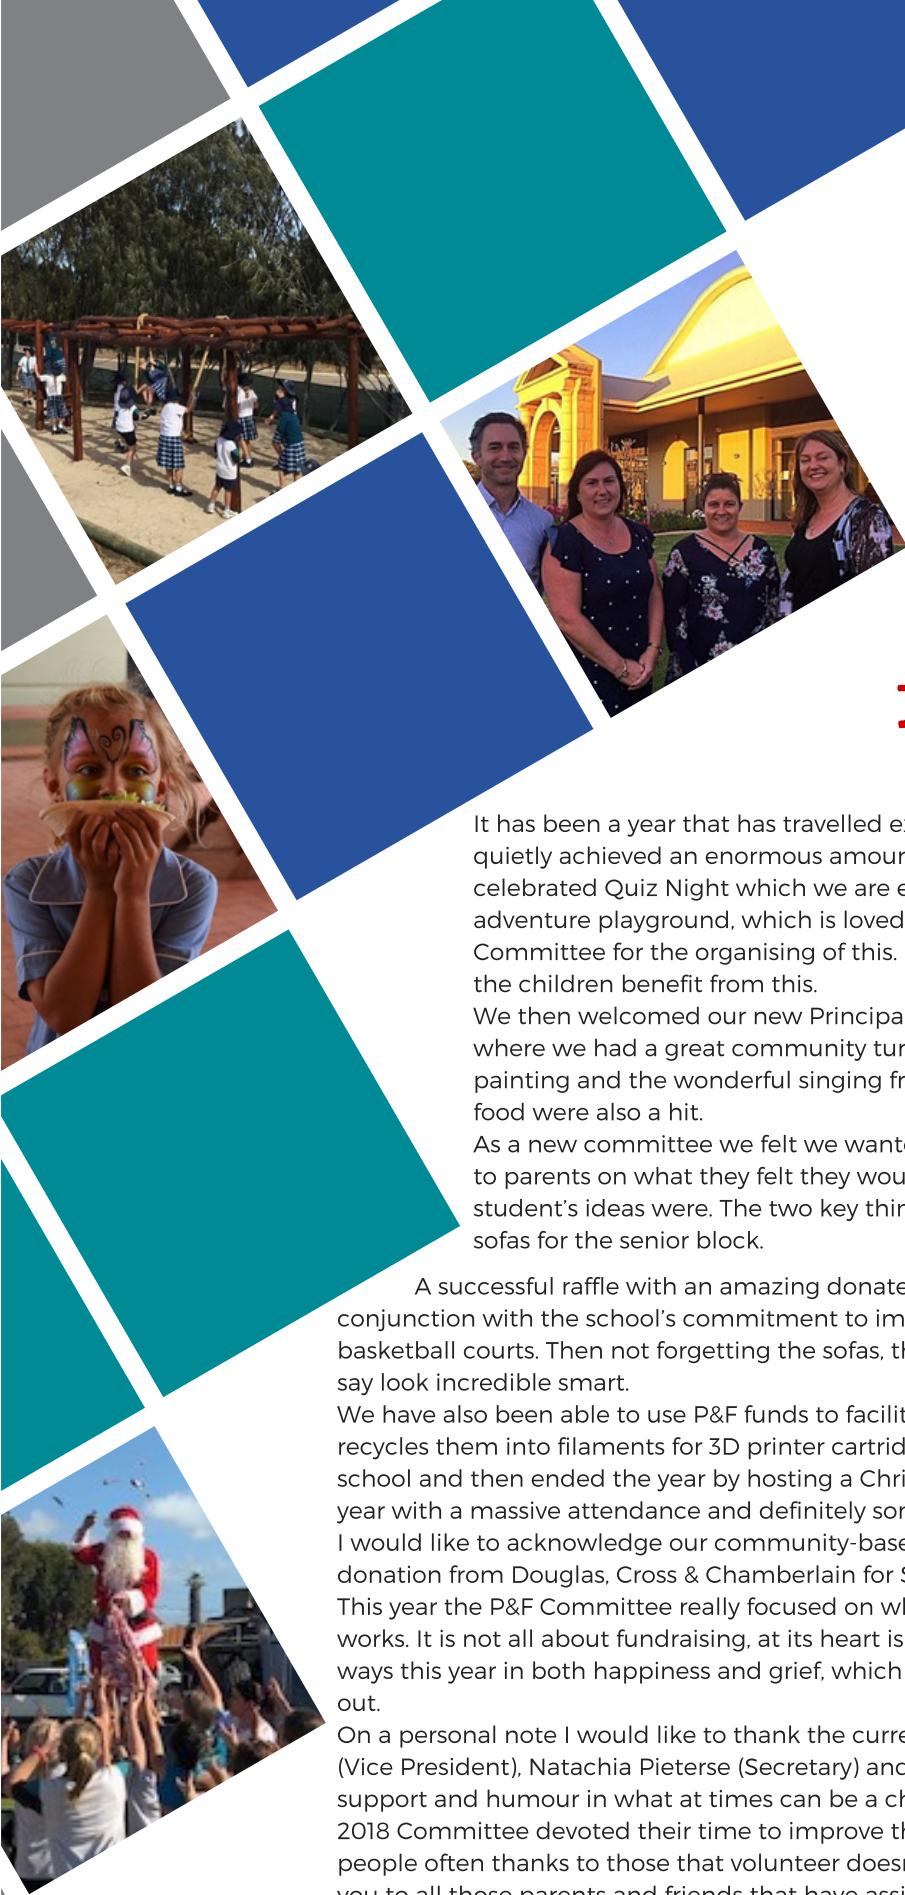

These are exciting times for our School. We have an established culture but also the opportunity for fresh ideas and renewed focus on providing the best education for our children. Some changes are more obvious (and no doubt more popular) than others but we will continue to plan and build on our strengths with the resolve to clearly demonstrate our values. None of this is possible without the support of our parent body and I thank you for all the investment you make in our children's education.

It is so important and worth it.

Thank you.

**GARETH ROWE  
CHAIR**

## A message from the P&F

It has been a year that has travelled extremely quickly, and on reflection the P&F has quietly achieved an enormous amount. The Committee year started with the much-celebrated Quiz Night which we are extremely proud of as it raised over \$10 000 for the adventure playground, which is loved by all and great thanks must be given to the 2016 Committee for the organising of this. I am sure we have all taken great pleasure in seeing the children benefit from this.

We then welcomed our new Principal Neesha at the Welcome Sundowner in February where we had a great community turn out with many fun free events - photo booth, face painting and the wonderful singing from our own Jasper Kaur. The massive cake and the food were also a hit.

As a new committee we felt we wanted to work closely with the school whilst listening to parents on what they felt they would like to fundraise for and importantly what the student's ideas were. The two key things that came up were the basketball courts and sofas for the senior block.

A successful raffle with an amazing donated prize of an Abrolhos trip raised \$5000, which in conjunction with the school's commitment to improving facilities is being used to create three new basketball courts. Then not forgetting the sofas, they were ordered and delivered recently, and I must say look incredible smart.

We have also been able to use P&F funds to facilitate a new initiative way of recycling plastic which recycles them into filaments for 3D printer cartridges. We have purchased kettles for the middle school and then ended the year by hosting a Christmas Sundowner, which was the highlight of the year with a massive attendance and definitely something to aspire to next year.

I would like to acknowledge our community-based partners IGA for their donation of \$1318.72 and a donation from Douglas, Cross & Chamberlain for \$1000.

This year the P&F Committee really focused on what is the P&F for, the meaning and how it best works. It is not all about fundraising, at its heart is the GGS community. This has been shown in many ways this year in both happiness and grief, which I believe makes Geraldton Grammar School stand out.

On a personal note I would like to thank the current committee especially the executives, Tania Rees (Vice President), Natachia Pieterse (Secretary) and Brendon Davies (Treasurer) for their unwavering support and humour in what at times can be a challenge, technology to name only one of them. The 2018 Committee devoted their time to improve the school for all involved and in a world of busy people often thanks to those that volunteer doesn't express the true gratitude felt. In addition, thank you to all those parents and friends that have assisted us this year.

It has been a privilege being the President of the P&F, albeit nerve-wracking at times and has given me the opportunity to understand the amount of real hard work, dedication and enthusiasm that all the staff put in to make this School a wonderful place.

I give my best wishes and support for the new committee of 2019.

**HELEN PAINTER  
P&F PRESIDENT**

It is with joy and sadness I close the book on an amazing school journey. Ending it with the incredible opportunity to lead the school as a school captain making it all the more memorable. Looking back I have had some great times and some tough times, but I know it was all worth it to become the person I am today.

Geraldton Grammar has helped me to develop in all facets of my life, providing me with opportunities socially, in academia and in sports. I want to thank everyone in the school community for supporting me throughout my time at Grammar. First of all to the teachers, for showing me different ways to solve problems that I know will help me throughout my life, without your consistent support I would not have made it to the end. Also to my peers, you have allowed me to have a fun and challenging final year, for that I am incredibly grateful, I hope you all achieve your personal goals in the years to come.

This last year of schooling has been more memorable than any other, from being given my leadership role, to the swimming carnival, the Anzac Day service, the athletics carnival, and batavia games.

To the younger students, keep working hard, it will all pay off at the end, I promise. To the future school captains and all 2019 year 12's, I wish you luck in your final year, be kind to yourselves and others and it will all work out in the end. You are all leaders now, make the school proud to call you that. At the end of the day, just enjoy yourselves, take every opportunity that comes to you, you will regret it if you don't.

**Jacob Davies**

Having spent my entire schooling life at Geraldton Grammar School, being inducted as School Captain in my final schooling year has been an honour and an absolute privilege that I will never forget, as it has enabled me to grow not only as a leader but as a person. This role has allowed me to give back to the school community and interact with parents, teachers and students across the entire school. Representing the school at the ANZAC Memorial Service, getting ready for the senior formals, making costumes for the swimming and athletics carnival, and cheering on Murchison house at Cross Country and Batavia Games are just a few highlights from this year. Without the support from the school community and the friendships made throughout the year, the task of School Captain would have definitely been a lot harder! I am so thankful for the countless opportunities I have received during my time at this school and in particular, during my time as School Captain. I wish the School Captains of 2019 and the rest of the Geraldton Grammar School Community the best of luck and I hope you enjoy your schooling journey as much as I did mine.

**Emily Winterbine**

## A Message from our School Captains

# PRIMARY SCHOOL

## Primary School Captains

**Lila  
Zadow**

**Sandy  
Hann**

## Junior Representative Council

Each year, we take a moment to reflect on everything our primary school community has accomplished in the past school year and are always amazed. 2018 has provided many highlights.

Our classroom environments encourage any child to want to learn. When you walk around our school you feel the sense of joy, of engagement and of community.

Our classroom music program definitely stands out. The enthusiasm, the delight, the willingness to be part of choirs and musical ensembles is evident.

Our sporting successes included winning the Greenough Cross Country division and strong representative and participation in interschool sports.

One of our strengths is undeniably our camps program. Each camp provides enjoyable learning experiences and develops skills and

knowledge, as well as offering opportunities for students to further develop interpersonal relationships. The year 3 sleepover, year 4 camp in Geraldton, year 5 camp in Perth and year 6 camp in Canberra make long lasting memories and are rated by the students overwhelmingly as their highlight for the year.

The Walker Learning approach to learning permeates throughout the primary school. Investigations from K-2 and Educational Research projects from year 3-6 personalise the learning for each student and develops resilience, emotional and social capacity, decision-making, critical thinking, problem solving, self-management, communication and inter-personal skills. The Walker Learning Approach is an exciting and refreshing philosophy that places the child at the centre of the curriculum and teaching strategies, and encapsulates what we believe about learning.

# MIDDLE SCHOOL

---

---

## *'The World Is At Your Fingertips'*

Middle School has been an important part of our student's educational journey for 17 years. Many opportunities presented themselves and students were encouraged to make the most of these. The learning occurring outside of the formal classroom has been equally important and was supported through sport carnivals and country week, service learning, cultural and informative incursions, clubs, drama and music.

This year in PDP students have focused on developing sound, actionable and achievable goals that will enhance their learning and facilitate greater expectations of themselves. Students in year 7, 8 and 9 have refined the skills initiated in primary school. They have a broad and balanced range of subjects and been challenged through enriching experiences, including academic rigor and creative interdisciplinary projects such as the .

Middle school has been ably supported by a wonderful group of semester 1 and 2 House captains.

Student reflections of the year include – great camps, conquering my fear of speaking at assembly, making wonderful new friends, new subjects to do that have been great fun, love homegroup and mixing with students up to year 12, STEP days helped me lots, I have learnt lots from getting support and my handwriting is now readable, I have been accepted, hate homework, freedom to make decisions.

Y12

Some final words from the

Class of 2018

Harry Adamson

Tayla Bailey

Something Most People Don't Know About Me

I don't like seafood

Something New I Have Learned In Y12

How quickly the year actually goes

If I Could Go Back and Change One Thing

I would have slept more

Best Advice Ever Given To Me

It's just one test

Something Most People Don't Know About Me

I put the "pro" in procrastinate

Something New I Have Learned In Year 12

I've learnt how to sleep in class without getting caught

If I Could Go Back and Change One Thing

I'd stop cramming for tests the night before

Best Advice Ever Given To Me

It's never too late for TAFE

Maverick Barry

Louis Beat

Ziggy Brennan

Something Most People Don't Know About Me

I've been to Hawaii

Something New I Have Learned In Year 12

Units 3 & 4

If I Could Go Back and Change One Thing

Pay attention in maths in middle school

Best Advice Ever Given To Me

"If is to be, it is up to me"

Something Most People Don't Know About Me

I'm from Yorkshire

Something New I Have Learned In Year 12

Multimedia technology certificate

If I Could Go Back and Change One Thing

I would be more consistent in my work ethic

Best Advice Ever Given To Me

Have friends that boost your happiness and mental health

Something Most People Don't Know About Me

I'm half kiwi on my mum's side

Something New I Have Learned In Year 12

How to deal with a significant amount of stress

If I Could Go Back and Change One Thing

I wish I didn't stress so much about the little things

Best Advice Ever Given To Me

There are so many different pathways in life

# Class of 2018

Inoke Bula

Kuan-Hsiang Chiu (Andy)

Kelsey Christoffersen

**Something Most People Don't Know About Me**

I make music

**Something New I Have Learned In Y12**

Mitochondria is the powerhouse of the cell

**If I Could Go Back and Change One Thing**

Not starting to make music earlier

**Best Advice Ever Given To Me**

Do what makes you happy

**Something Most People Don't Know About Me**

I'm a overseas student from Taiwan, a small island next to China

**Something New I Have Learned In Y12**

If somethings are difficult to you, get some people to help you

**If I Could Go Back and Change One Thing**

Maybe need more focus on every course

**Best Advice Ever Given To Me**

Don't be afraid of something, be brave to complete it

**Something Most People Don't Know About Me**

I want to live by experiences

**Something New I Have Learned In Y12**

You will always be the first to judge yourself

**If I Could Go Back and Change One Thing**

To put less pressure on myself

**Best Advice Ever Given To Me**

You can't look back to change things or wish you had done something different once they're already done

Casey Clark

Jacob Davies

Cameron Fawell

**Something Most People Don't Know About Me**

I know how to play the ukulele

**Something New I Have Learned In Y12**

Is to push yourself outside of your comfort zone

**If I Could Go Back and Change One Thing**

I would spend more time with my Pop

**Best Advice Ever Given To Me**

Is to take life one day at a time and don't let the little things bother you

**Something Most People Don't Know About Me**

When I was a little kid I loved to dress up as superheroes

**Something New I Have Learned In Y12**

What it means to be a leader

**If I Could Go Back and Change One Thing**

Have no concern about changing schools in year 4

**Best Advice Ever Given To Me**

Hard work beats talent when talent doesn't work hard

**Something Most People Don't Know About Me**

Through Scouts I have hiked over 100km and camped over 200 nights

**Something New I Have Learned In Y12**

I actually really like doing woodwork projects

**If I Could Go Back and Change One Thing**

Relax and enjoy school more

**Best Advice Ever Given To Me**

You can do anything if you try hard enough

# Class of 2018

## Henry Findlay

**Something Most People Don't Know About Me**  
I'm always about to lose my cool, even when I look calm

**Something New I Have Learned In Y12**  
Even the simplest of things can be difficult without support

**If I Could Go Back and Change One Thing**  
I wouldn't change anything because those events are what made me how I am

**Best Advice Ever Given To Me**  
It's not the best but it's what I go by, expect the worst and you'll never be disappointed

**Something Most People Don't Know About Me**  
I love watching movies that pump my adrenaline, are high octane and make my heart race

**Something New I Have Learned In Y12**  
Time goes so quickly, you don't realise until you are in year 12

**If I Could Go Back and Change One Thing**  
I wouldn't change anything- everything happens for a reason

**Best Advice Ever Given To Me**  
Always ask questions- if you don't know ask!

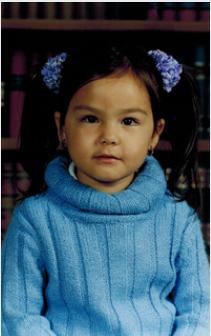

**Something Most People Don't Know About Me**  
Harry Taylor got his set shot technique from me

**Something New I Have Learned In Y12**  
Pressing M on your laptop mutes the video you're currently watching on YouTube

**If I Could Go Back and Change One Thing**  
I'd tell myself to trust the process

**Best Advice Ever Given To Me**  
In case of fire, use stairs

## Hannah Gallarza

## Emily Grima

## Molly Hallinan

**Something Most People Don't Know About Me**  
I'm only half Asian

**Something New I Have Learned In Y12**  
Not to study the period before the assessment

**If I Could Go Back and Change One Thing**  
I wouldn't stress so much

**Best Advice Ever Given To Me**  
One blip won't affect the rest of your life

**Something Most People Don't Know About Me**  
I can solve a Rubik's Cube

**Something New I Have Learned In Y12**  
I learnt how to perform under pressure

**If I Could Go Back and Change One Thing**  
I would focus on the positive

**Best Advice Ever Given To Me**  
When in doubt: enzymes

**Something Most People Don't Know About Me**  
Have climbed the Sydney Harbour Bridge to the top, twice

**Something New I Have Learned In Y12**  
How to handle stress...or how not to

**If I Could Go Back and Change One Thing**  
Not leaving my book week costume to the last minute

**Best Advice Ever Given To Me**  
"The harder you work the luckier you get"  
- My Dad

# Class of 2018

Courtney Hanlon

**Something Most People Don't Know About Me**

I race dirt track motorsports.

**Something New I Have Learned In Y12**

Diamonds are made under pressure

**If I Could Go Back and Change One Thing**

I wouldn't

**Best Advice Ever Given To Me**

Just send it

**Something Most People Don't Know About Me**

I support Fremantle Dockers

**Something New I Have Learned In Y12**

The skills in the electrical industry

**If I Could Go Back and Change One Thing**

I would watch less YouTube in study

**Best Advice Ever Given To Me**

"Work smart not hard"

**Something Most People Don't Know About Me**

I died when I was born

**Something New I Have Learned In Y12**

The art of cramming effectively

**If I Could Go Back and Change One Thing**

Live Life - Stress Less

**Best Advice Ever Given To Me**

"Fake it till you make it"

Paul Hutchins

Riley Ingle

Ella Johnson

**Something Most People Don't Know About Me**

Have a 14 - 1 win loss record for Monopoly

**Something New I Have Learned In Y12**

I thought Yr 12 was going to be easy peasy lemon squeezey, but in reality it was difficult difficult lemon difficult

**If I Could Go Back and Change One Thing**

Start studying two nights before a test instead of one

**Best Advice Ever Given To Me**

If you get the lowest score on a test I'll congratulate you as you have the greatest room for improvement - IGOR

**Something Most People Don't Know About Me**

I watch a lot of TED Talks

**Something New I Have Learned In Y12**

"I know something, oh wait." W. Heisenberg

**If I Could Go Back and Change One Thing**

Learnt left and right sooner.

**Best Advice Ever Given To Me**

Drink your tea

**Something Most People Don't Know About Me**

I've never played Uno, not even once

**Something New I Have Learned In Y12**

It's never too late to do better

**If I Could Go Back and Change One Thing**

Listen to mum and take a mozzie net on Outward Bound!

**Best Advice Ever Given To Me**

Just do the best you can with what you've got

# VALEDICTORY 2018

# VALEDICTORY 2018

# CHAPMAN

2018 has been another great year for Chapman full of many successes, beginning the year winning the war cry competition and continuing to show outstanding house spirit by winning the spirit award for both the swimming carnival and the cross country. We also got to see some outstanding performances from Chapman in the paper plane competition leading us to victory, and it was great to see some of our Chapman members shine in the athletics, swimming carnivals and the cross country. Although we didn't come out on top, Chapman has house spirit, support and team effort like no other and its been wonderful leading Chapman. However, we would not be the awesome house we are without all the effort our house director Mrs Hann puts in. She would help us practise and cheer, encourage us to dress up and participate and did a lot of work behind the scenes to ensure we could be the best we possibly can, thank you for all your hard work. I would also like to thank the middle school house captains Locky and Ashley for their leadership and hard work. And finally, thank all the chapman teachers for helping out with homeroom competition.

## TAYLA BAILEY

**House Directors**  
Secondary - Caroline Hann  
Primary - Cherrie Buckley

**House Captain**  
Tayla Bailey

**Middle School House Captains**  
Semester 1: Lachlan Hodge  
Semester 2: Ashley Tuffley

**Primary House Captains**  
Semester 1: Milla Penberthy  
Semester 2: Christi Bestry

# GREENOUGH

The Greenough house of 2018 is happy to report, that although we did not win any carnivals or pretty much any competition, we did win the spirit award for the athletics carnival. We have cemented throughout the year Greenough's position as the supportive and spirited house. Thank you Mrs Plummer, the Greenough house director, for being a constant source of support and encouragement and putting in so much effort to make house activities and carnivals fun and memorable. I'd also like to thank the Greenough house middle school captain, Tahnee . Thank you to all the students of Greenough house for your enthusiastic attitudes this year and for your outstanding cheering!

## CASEY TUNBRIDGE

Tahnee Gronow

**Primary Schools**  
Semester 1: Jack Caley  
Semester 2: Anna-Rose Frater

# IRWIN

Irwin swept the board this year. From swimming carnival, cross country, athletics carnival and the most prestigious air band performance. Most people may look to the leader, and ask how he accomplished so much but I cannot take as much credit as I would like to. Irwin team is what made it this far and I praise every single one of you. I'd like to thank all the homeroom teachers, and secondary students that put in effort, thank you to the year 12s that me helped out throughout the year. A most humble thank you to Mrs Price for all she has done. Thank you to Fynn and Jake for their help along the way. Finally, thank you Irwin 2 homeroom, as expressed in their air band masterpiece - "I had the time of my life".

## RILEY INGLE

**House Directors**  
Secondary - Amy Price  
Primary - Ben Matthews

**House Captain**  
Riley Ingle

**Middle School House Captains**

Semester 2: Jake Williams

**Primary House Captains**  
Semester 1: Georgia Boys  
Semester 2: Hanah Chapman

**Middle & Senior School House of the Year Award: Irwin**

**MURCHISON**  
This year I had the privilege to captain the great Murchison house. Although we didn't win many awards we fought hard in the swimming carnival, cross country and athletics carnival and showed an individual drive to achieve our best all year round no matter what the challenge.

I was very proud to see a large amount of participation of students from our house and the team spirit we all showed awarded us the spirit award from the cross country. I'd like to thank the middle school house captains Abbey, Rosey and Daisy for being absolute stars and being so helpful throughout the year.

Thank you to Mr Sloan for helping me settle into my new role which was quite daunting, to begin with. You have assisted me when Year 12 got busy and you also set a great example as a leader that I could follow.

Thank you to all the other Murchison teachers for lending a helping hand throughout the year when needed and for jumping in and motivating all students to do their best.

Thank you to every single member of Murchison for making my position as House Captain the most rewarding and enjoyable job of all.

I will miss every single one of you. I wish you all the best next year and I hope you bring home some winning trophies.

India & Australia

# MOTHER'S GLOBAL SCHOOL

GERALDTON  
GRAMMAR SCHOOL

Achieve · Inspire · Motivate

- 1) Sharing stories to explore cultural identity and develop intercultural understanding
- 2) Researching trade relations between India and Australia
- 3) Researching global food security from the Indian perspective and Australian perspective

### What could we do about the issue of global food security?

**Sustainable food production**  
We need to be able to produce enough food for everyone as the population grows. How?

1. Sustainable food growth
2. Laws around fishing
3. Sustainable animal farming
4. Only using 'products' that can be reused or made infinitely
5. Reduced consumption of meat
6. Meat farms be on land where it is not fit to grow crops

**Large access to food**  
We need everyone to have access to food, (economically afford and physically get). How?

1. Shipments to countries that can't grow their own food
2. Low prices of essential food items
3. Food drives in remote areas
4. Food shipments to refugee camps and remote areas

**Nutrition education**  
We need education for people so they can eat healthily. How?

1. School programs on nutrition
2. Talks around rural towns
3. Nutritional information at food buying places

## Food Security In India

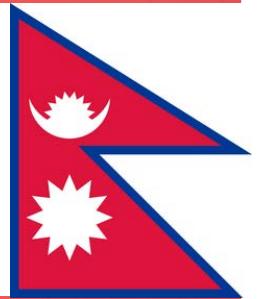

### >Status of Food Security in India

- ❑ Food security entails ensuring adequate food supply to people, especially those who are deprived of basic nutrition.
- ❑ Food security has been a major concern in India.
- ❑ According to UN-India, there are nearly 195 million people are undernourished in India, which is a quarter of world's hunger burden.
- ❑ Roughly 43% of children in India are chronically undernourished.
- ❑ India ranks out 74 out of 113 major countries in terms of food security index.

# Nepal Sister School

## Shree Janakalyan Primary School

Shree Janakalyan is a very small primary school in the village of Astam, near Pokhara in the west of Nepal.

Geraldton Grammar School raises funds to support Shree Janakalyan, helping provide much needed resources. This year, fundraising activities took the form of a crazy hair & tie day, as well as a cake stall. It was a fun-filled day for a worthy cause.

Several families from our school are travelling to Nepal over the summer holidays and will be taking the time to visit Shree Janakalyan. We look forward to hearing all the latest news from our friends in Nepal.

# Relay for Life

This year the Relay for Life team raised over \$2000 to help support cancer patients and carers in the Midwest.

Congratulations to the whole team for an outstanding effort this year.

## INTERACT

The Geraldton Grammar School Interact Club were active participants in a variety of school and community activities this year. They raised funds for Shelterbox, headspace and the farmer's drought appeal. With the help of the P&F and in conjunction with Greenbatch, they began a recycling program at the school.

**Principal:** Mrs Neesha Flint

**STAFF**

**2018**

## *Farewell Anne Faichney*

Anne first came to Geraldton Grammar School during 2001/2002 and has given 17 years dedicated service as Head of Middle School. Anne embodies all of the principles upon which the Vision of the school was established - she is a passionate teacher with a sharp and enquiring mind who has provided an environment of outstanding academic and pastoral care to each and every student with whom she has come in contact over her long tenure at the School. She consistently worked hard to maintain a strong sense of community among the students and to cultivate young people of integrity with independent minds and a love of learning.

Anne was instrumental in establishing the Middle School to ensure that young people successfully transitioned into Secondary School from their Primary years and continued to feel supported and involved as they gained increased independence and self-responsibility as they progressed into Senior School and beyond.

Anne, you have embroidered much into the history of GGS and we are thankful for your dedication, your commitment, and your contribution not only to the School as a whole but to countless individual students and staff members. You are fondly remembered by my son Christopher as a person who always stood up for truth, individuality and creativity. You will be greatly missed and we wish you the very best of everything for your move back to Melbourne. Don't be a stranger and we look forward to keeping in touch.

**Jenny Rolston - Past Chair, GGS Board**
